

How do I add a Canvas widget to my iOS device?

The Canvas Student app comes with a widget for quick access to grades.

The Canvas Student Grades widget displays the current grade for up to eight courses.

Notes:

- Depending on your iOS device, the steps to install a widget may vary from what is pictured below. If you have questions, please refer to your device instructions on how to install a widget.
- The Student Grades widget will not display grades if multiple users are logged into the Student app.
- Widgets are not available for the Canvas Teacher or Canvas Parent apps.

Open Today View

Swipe right from the Home screen or Lock screen to open the Today View.

Edit Widgets

Tap the **Edit** button.

Add Grades Widget

Find the **Canvas Student Grades** widget [1]. To add the widget, tap the **Add** icon [2].

Edit Widget

Once you have added your widget, it will display with other widgets that have been added to your iOS device. To remove the widget, tap the **Remove** icon [1]. To move the widget, tap the **Move** icon [2] and drag and drop the widget to a new location.

To view your widgets, tap the **Done** link [3].

View Widget

View the Student Grades widget [1]. To display more courses in the widget, tap the **Show More** link [2].

To view course grades in the Student app, tap the name of the course [3].
