If you have created a break and want to include it when generating your schedule, check the break you want.

It will NOT return classes that run during that time frame.

3. Generate and View Schedules

Once you have completed adding your breaks you are ready to generate schedules. The number of schedules generated depends on the number of campuses selected at the start and offerings. If you have selected all locations, the number of choices returned can be overwhelming. It is best to only select the locations you know can attend.

The screenshot shows a web interface titled "Schedules". At the top right, there are two buttons: "Advanced Options" (with a gear icon) and "View Schedules" (with a calendar icon). Below the title, there are two buttons: "Generate Schedules" (with a refresh icon) and "Shuffle" (with a shuffle icon). A green notification bar states "Generated 12 Schedules". Below this, a blue bar contains a "Compare" button (with a document icon), an information icon, and the text "Select at least two schedules to compare side by side". To the right of this bar are four buttons labeled "#1", "#2", "#3", and "#4". The main area displays a list of 12 schedules, each with a "View" button, a magnifying glass icon, a checkbox, and the schedule details. Schedules 1-4 have their checkboxes checked, while schedules 5-12 have theirs unchecked.

The campus, course and break choices selected generated 12 different available schedules.

You can compare up to 4 different schedules at a time or you can view each one individually and select the one that best fits your needs.

Viewing your schedule comparison provides a snapshot of when your classes are scheduled. You can hover over the blocks to see what course and the specific time.

If you like one of the choices you can click "Open #" or you can go back and compare another 4.

The interface displays four weekly grids, each with days of the week (M, T, W, Th, F) as columns and time slots (8am to 8pm) as rows. Grids are labeled 'Open #1' through 'Open #4'. A tooltip for 'BUS - 2231 LEC 12:30pm - 1:45pm' is shown over the first grid. A 'Close' button is located at the bottom center.
